## In Their Own Words

"Through the ENGin program, I had the privilege of meeting my volunteer, Nancy from Colorado. Her guidance and support were invaluable. Your program not only enhanced my language skills but also served as a source of strength during the toughest moments. I am filled with appreciation for the impact ENGin has had on my life."

- Ievgeniia, ENGin student

"I have been meeting with my buddy for 1 year. We have both chosen to continue because of the strong friendship that has developed. In one short year, our relationship has evolved from [tutoring] to two old friends who seem like we have known each other for 30 years."
